Subject: Conti Tires and Replacements

Dear Dealer:

A new Conti-Tire has been developed to increase the rider's comfort and reduce the noise level.

The new rear tire is:

Continental 400 - S 18 K112 A
Continental 400 - H 18 K112 A

A replacement of the Profile K112.

BMW strongly recommends to use the same brand tires.
DO NOT intermix with other brands.

Yours truly,

BMW MOTORRAD GMBH
Munich
i.V.
