APPROVED TIRES JUNE 1993

Since the last tire chart was printed (7/91) many new tires have been tested and approved for BMW motorcycles. Also, the model range has grown since the last chart.

Remember that approved tires are under the seat, on a label affixed to the rear fender of each motorcycle.

- Consult the rider's manual for revised tire pressures.
- Some tires may not be available in the US.

Very truly yours,

BMW of North America, Inc.
