

Service-Information

Group 61 General Electrics	January 1980	Bulletin No. 61 005 79(2009)
-------------------------------	-----------------	---------------------------------

- For U.S.A. and Canada Only -

Subject: Emergency Flasher Assembly
for R 65

Through parts channels you will receive an offer for an optional emergency flasher kit -

BMW Part No. 61 31 1 243 885.

Two cables in the relay base (No. 10 on the enclosed wiring diagram) may be reversed, thus causing a severe short.

Please inspect all such kits very carefully before installation.

Properly connected - as per the wiring diagram -

the red cable connects to contact No. 30

the brown cable connects to contact No. 86.
