-------------------------------	-------	--	------------------------------------

Ref: Engine oil recommendations

Dear Sirs,

A renewed revision of the engine oil recommendations leads to the following results:

Oil change interval	external temps	Oil brands	
		Single-grade oils	Multi-grade oils
Throughout the year every 4 000 miles, after 6 months at the latest	mainly above + 30° C	SAE 40	SAE 20 W 50
	all the year round above 0° C	---	SAE 20 W 40 SAE 20 W 50
	mainly below 0° C	---	SAE 10 W 30 SAE 10 W 40 SAE 10 W 50

Change oil in engine only at normal running temperature.

This publication supercedes all other including Service Information bulletins 3/71, 6/70 and 7/71.

These modifications will be contained in the next edition of the owner's manual.

Yours truly
