Ref.: Engine oil recommendations

Dear Sirs,

Following latest tests and developments we have made up new engine oil recommendations for our new motorcycles:

<u>Periods of oil change</u>	<u>Outside temp.</u>	<u>Type of oil</u>	
		Brand-HD-oil for Otto engines	
		Single range	Multi-range oil
		oil -prefe-	range oil
		table -	
All year over every 6000 km latest after 6 months.	Over + 30°C mostly over + 10°C	SAE 40 SAE 30	SAE20W4 SAE20W50
At exclusive short distance use = outside temp. below 0°C -			
every 3 months latest after 3000 km	mostly below + 10°C	SAE 20	SAE10W30 SAE10W40

At a seasonal change of the oil type, a temperature overlap between 0°C to + 10°C is admitted.

All other this regarding publications are no longer valid.

Yours very truly,
